Some pre-majors are based upon articulation agreements with specific universities. They are designed for students to transfer to a particular public or private university as a junior to complete a four-year Bachelor’s degree in a specific major. Additional information on the articulation agreements may be found at valenciacollege.edu/aadegrees/articulationagreements.cfm.

A.A. degree-seeking students in all pre-majors must satisfy entry testing requirements and satisfactorily complete all mandatory courses in reading, student success, mathematics, English and English for Academic Purposes in which a student is placed and must satisfy Valencia’s foreign language proficiency requirement.
