

STUDENT DEVELOPMENT

Involvement in campus life outside the classroom is an important component of a well-rounded college experience. Student Development on each campus offers a variety of programs and services. These include: Student Government Association; campus activities; student clubs and organizations; co-curricular programs; student leadership programs; intramural sports and wellness programs; and community service programs.

Participation in any of these programs provides opportunities for making personal connections on campus with other students, faculty, and staff; learning skills to enhance the achievement of life, career, and education goals; and applying classroom learning.
