PARALEgal Studies

Paralegal Studies with Specializations in:

• Litigation
• Transactional

Associate in Science Degree  (CIP# 1722030200)

(Articulated A.S. to B.A/B.S. Career Path)

Valencia’s Paralegal Studies Program is approved by the American Bar Association.

This program is designed to prepare students to work in the legal field for law firms, banks, corporations, and government agencies in the performance of delegated, substantive legal services under the supervision of a licensed attorney. Students receive instruction in the substantive and procedural law necessary to function in the legal environment under the direction and supervision of attorneys in areas such as civil litigation, real property, legal research and writing, business organizations, and legal technology. Students will understand the ethical framework within which they will work and will be able to analyze and communicate effectively in these areas. Instruction stresses practical applications.

The services paralegals provide include assisting in trial preparation, drafting court pleadings and related documents, performing legal research and informal investigations, preparing real estate documents and assisting in real estate closings, drafting contracts, and maintaining corporate books. Paralegals cannot give legal advice, accept a case, set a fee, or present a case in court and may not provide legal services directly to the public, except as permitted by law.

This program is designed for students who seek immediate employment in the legal environment and who may also decide to transfer as a junior to complete a four-year Bachelor’s degree in Legal Studies at one of the two Florida public universities to which this degree will transfer. Students may transfer through a statewide agreement to Florida Gulf Coast University (FGCU) or through a specific program agreement to the University of Central Florida (UCF). Additional general education and legal specialty courses will be required in the university program.

Students are strongly encouraged to consult a Career Program Advisor in the department office for assistance in determining the best education plan for their career goals.

In addition to credits included in the State of Florida’s common course numbering system, Valencia may accept up to nine legal specialty credits from a non-American Bar Association-approved paralegal studies program as credit toward PLA course requirements in the Paralegal Studies A.S. degree. All legal specialty courses transferred into the program must be reviewed and approved by the Paralegal Studies Program Director, in addition to the standard college award of credit.

Students will select either a Transactional or Litigation specialization. The Transactional specialization provides additional course work relating to real estate and probate matters, while the Litigation specialization provides additional course work relating to civil court and bankruptcy proceedings.

Although scheduling may not always provide for the following progression of courses, students should use the foundation, intermediate and specialization course sequence as a guide in program planning. This is found at http://net1.valenciacollege.edu/future-students/degree-options/associates/paralegal-studies/

All degree-seeking students must satisfy entry testing requirements and satisfactorily complete all mandatory courses in reading, student success, mathematics, English, and English for Academic Purposes in which the student is placed.

Start Right

Degree-seeking students enrolling at Valencia for the first time will have a limited range of courses from which to choose for their first 18 college-level credits. Within the first 18 college credit hours, you will be required to take ENC1101 (3 credits), and if applicable, SLS 1122 (3 credits) and a mathematics course appropriate to your selected meta-major (3 credits). The remaining courses will be chosen from the General Education Core Courses in humanities (3 credits), science (3 credits), or social science (3 credits), and/or the introductory courses within the A.S. degree programs. For specific courses see the Foundation Courses on the “Program Requirements” tab. For course sequencing recommendations, see your Career Program Advisor or create an education plan by logging into Atlas, clicking on the LifeMap tab and clicking My Education Plan.

Potential Careers

• Paralegal
• Legal Assistant

Program Outcomes

Litigation Specialization

- Research and analyze a legal issue under the supervision of a member of the Bar.
- Draft certain legal documents used in litigation and transactional matters, including wills and trust documents, under the supervision of a member of the Bar.
- Apply the appropriate ethics rules to hypothetical ethical scenarios that may arise in the legal setting under the supervision of a member of the Bar.
- Describe practices and traits required to work effectively in a group or individually under the supervision of a member of the Bar.

Program Outcomes

Transactional Specialization

- Research and analyze a legal issue under the supervision of a member of the Bar.
- Draft certain legal documents used in litigation and transactional matters, including wills and trust documents, under the supervision of a member of the Bar.
- Apply the appropriate ethics rules to hypothetical ethical scenarios that may arise in the legal setting under the supervision of a member of the Bar.
- Describe practices and traits required to work effectively in a group or individually under the supervision of a member of the Bar.

Notes:

- PLA prefix courses are offered predominantly on the East Campus; some foundation courses are offered also at the Osceola Campus.

- This course must be completed with a grade of C or better.

- This course has a prerequisite; check description in Valencia catalog.

- Denotes a Gordon Rule course.
Specialized courses may not be offered every session or on every campus.

Upon earning the Paralegal Studies A.S. degree, you can continue at Valencia to complete the B.A.S. degree in Business & Organizational Leadership (http://catalog.valenciacollege.edu/degrees/bachelorofscience/bas). Additional education at the bachelor’s level can enhance your skills and create more career opportunities. Students who wish to continue their education should consult with their Career Program Advisor to discuss transfer options and requirements, and determine the best education plan for their career goals.

Students wishing to transfer credits from this program to another institution must accept responsibility for securing approval from the transfer institution for acceptance of this degree.
