

CONTINUING EDUCATION

Valencia College Continuing Education provides non-degree workshops, programs and services that focus on workforce development for local organizations, business professionals and individuals, as well as non-degree programs for local and international students in the areas of languages and international workforce development. From languages to Accelerated Skills Training programs to customized training for organizations, we provide the workforce development needed to help individuals and organizations succeed.

For a list of available programs and courses, visit the Continuing Education Course Catalog (<https://valenciacollege.edu/ce/>).

For program and registration information, contact Continuing Education Student Services.
