

MAMMOGRAPHY

Advanced Technical Certificate

Limited-Access (CIP #0351091166)

The Mammography Program is designed for individuals who are currently certified in Radiography (AART) and hold an eligible college degree from a regionally accredited institution. Students completing this certificate will gain knowledge and skills toward eligibility for the American Registry of Radiologic Technologists (ARRT) post-primary certification exam in Mammography and toward employment opportunities as certified Mammographers. With the exception of the clinical practicum, this is an online program.

Mammography is a limited access program. Admission to Valencia does not imply acceptance to the Mammography program. Students must submit a program application and be accepted to the program.

Admission Requirements

- Be a U.S. citizen or U.S. permanent resident
- Review the current Mammography Program Guide at <https://valenciacollege.edu/academics/programs/health-sciences/mammography/>
- Submit a completed Valencia Application for Admission using the Bachelor's Degree/Advanced Technical Certificate application, and be in Active Student Status.
- Have an address in the State of Florida
- Submit to Valencia's Admissions Office an official transcript that indicates that you have earned an Associate in Science degree, Associate in Applied Science degree or higher, in Radiography from a regionally accredited institution. Students who hold the appropriate professional certification and an Associate degree or higher from a regionally accredited institution in any other field may also be considered for admission.
- Submit verification of graduation with the minimum of an Associate Degree in Radiography within the year prior to program application **OR** submit documentation of employment within the year prior to program application in the area of certification **OR** complete [RTE 3116](#) Advanced Patient Care prior to taking [RTE 4941L](#) Practicum
- Following your admission to Valencia as a candidate for the Mammography Program, submit the Health Sciences Program Application for the Mammography Program with a copy of your current professional credential for Radiography (ARRT) and the application fee
