

PLANT SCIENCE DEGREE PATHWAY

Degree pathways are designed for the student who plans to transfer to a Florida public institution as a junior to complete a Bachelor's degree after completing an Associate in Arts (<http://catalog.valenciacollege.edu/degrees/associateinarts/>) degree at Valencia. Students who plan to transfer to a limited-access program are responsible for completing the specific requirements of the institution to which they will transfer as completion of this degree pathway does not guarantee admission to an upper division limited-access program.

This degree pathway includes the following Common Program Prerequisites (CPPs) which are required for transfer to the Plant Science major at the University of Florida and/or any Florida public institution:

CHM 1045C	GENERAL CHEMISTRY WITH QUALITATIVE ANALYSIS I	4
ECO 2013	PRINCIPLES OF ECONOMICS-MACRO	3
MAC 1114	COLLEGE TRIGONOMETRY (GR)	3
MAC 1140	PRECALCULUS ALGEBRA (GR)	3

Choose your specialization:

General/Greenhouse and Landscape/Crop Production/
Turfgrass specialization:

BSC 1010C GENERAL BIOLOGY I [^]
or BOT 2010C BOTANY

BSC 1011C GENERAL BIOLOGY II

Native Plant Conservation/Plant Breeding and Genetics/Plant
Health and Protection specialization:

BSC 1010C GENERAL BIOLOGY I [^]
or BOT 2010C BOTANY

BSC 1011C GENERAL BIOLOGY II

CHM 1046C GENERAL CHEMISTRY WITH QUALITATIVE
ANALYSIS II

Soil Management and Plant Productivity specialization:

BSC 1010C GENERAL BIOLOGY I
or BOT 2010C BOTANY

CHM 1046C GENERAL CHEMISTRY WITH QUALITATIVE
ANALYSIS II

[^] Either course will satisfy the CPP requirement, however BSC 1010C is a prerequisite for BSC 1011C so it is recommended to select the BSC course sequence.

CPPs may also satisfy some general education (<http://catalog.valenciacollege.edu/degrees/associateinarts/courserequirements/>) requirements.

Start Right - Pathway Plan

You are encouraged to develop an education plan that includes the courses required for your A.A. degree and the CPPs needed for transfer to your intended bachelor's major. For course sequencing recommendations, visit the Degree Pathways (<https://valenciacollege.edu/students/advising-counseling/degree-pathways/>)

website. Once you have created your plan, you are encouraged to review it with a Student Success Coach.

Financial Aid

In order to be eligible for and calculated in your enrollment status for financial aid, courses for which you are enrolled must count toward your Associate in Arts (<http://catalog.valenciacollege.edu/degrees/associateinarts/courserequirements/>) degree (36 credits of general education (<http://catalog.valenciacollege.edu/degrees/associateinarts/courserequirements/>) and 24 credits of electives). CPPs may not be calculated in your enrollment status for financial aid purposes if you took other course work outside of the Associate in Arts degree requirements (examples include prior course work from prerequisites, changing a major, and transfer course work).
