

ALLIED HEALTH

There are few occupations where your day-to-day activities can impact so many people in such a significant way. Whether you are a Radiographer taking x-rays of an injured patient, or a Paramedic making split second decisions where your actions may determine life or death, you'll be involved in a field that is as extraordinarily rewarding as it is challenging.

The Allied Health Division offers the following Associate in Science degree programs:

- Biotechnology Laboratory Sciences (<http://catalog.valenciacollege.edu/degrees/associateinscience/biotechnologylabsciences/>)
- Cardiovascular Technology (<http://catalog.valenciacollege.edu/degrees/associateinscience/alliedhealth/cardiovasculartechnology/>)
- Dental Hygiene (<http://catalog.valenciacollege.edu/degrees/associateinscience/alliedhealth/dentalhygiene/>)
- Diagnostic Medical Sonography (<http://catalog.valenciacollege.edu/degrees/associateinscience/alliedhealth/diagnosticmedicalsonography/>)
- Emergency Medical Services Technology (<http://catalog.valenciacollege.edu/degrees/associateinscience/alliedhealth/emergencymedicalservicestechonology/>)
- Health Information Technology (<http://catalog.valenciacollege.edu/degrees/associateinscience/alliedhealth/healthinformationtechnology/>)
- Radiography (<http://catalog.valenciacollege.edu/degrees/associateinscience/alliedhealth/radiography/>)
- Respiratory Care (<http://catalog.valenciacollege.edu/degrees/associateinscience/alliedhealth/respiratorycare/>)
- Veterinary Technology (<http://catalog.valenciacollege.edu/degrees/associateinscience/alliedhealth/veterinarytechnology/>)
