

BUSINESS AND ORGANIZATIONAL LEADERSHIP

Bachelor of Applied Science in Business and Organizational Leadership (CIP# 1105202012)

School of Business

The Bachelor of Applied Science in Business and Organizational Leadership provides students the opportunity to earn a degree that will enhance their placement in higher-level management and supervisory positions within the business community. This program, designed to layer on top of an Associate in Science (A.S.) degree or an Associate in Arts (A.A.) degree, will provide students with the skills and knowledge required to become successful managers and leaders within public, private and non-profit organizations. The curriculum emphasizes a practical, hands-on application approach and exposure to understanding supervision and management.

Please contact your student success coach for help selecting electives that may lead to a technical certificate in Business, Real Estate, or another field while you are pursuing your bachelor's degree.

Program Concentrations

- Business Management
- Leadership and Change
- Human Resources Management

Potential Careers

- Business Analyst
- Chief Executive
- Accounting Manager
- Finance Manager
- Marketing Manager
- Human Resource Manager

Application Fee

There is no application fee for this program.

Admission Requirements

Students must submit official transcripts from all prior colleges and universities and must meet one of the following criteria:

- Completion of an Associate in Arts (A.A) degree* from a regionally accredited institution with a minimum of 60 semester hours of course work and a 2.0 overall Grade Point Average (GPA).
- Completion of an Associate in Science (A.S.) degree* from a regionally accredited institution with a minimum of 60 semester hours of course work and a 2.0 overall Grade Point Average (GPA).
- Completion of at least 60 semester credit hours of college level course work at a regionally accredited institution, including 15 credits that are in applicable to Valencia's College's General Education Program requirements, with a minimum of a 2.0 overall Grade Point Average (GPA).

*Other Associate or higher degrees must be formally evaluated by the Business Department for admission.

Program Requirements for Students Entering with an Associate in Science Degree

Program Outcomes

- Demonstrate collaborative skills in team settings to plan and accomplish complex business tasks.
- Devise a professional growth strategy that incorporates current leadership theory in business settings.
- Demonstrate the ability to use managerial accounting applications, concepts, analytical abilities, and management information systems in business settings.
- Explain the importance of cultural awareness along with an appreciation for diversity in the context of management and supervision.
- Compare effective business communication skills across multiple mediums; including oral, print, digital, and video.

Students with an A.S. Degree

Students who have completed an Associate in Science (A.S) degree typically possess 15 -21 hours of transferable general education courses.

While missing credits may be completed after program admission, students must complete all Valencia General Education requirements and all Gordon Rule requirements in order to successfully complete the bachelor program. A.S. degree student must have the following coursework:

- 39-45 credit hours in discipline-specific courses
- 15-21 credit hours in general education.

In their junior and senior years, students will be required to complete:

- An additional 15-21 credit hours of general education.
- 45 credit hours of required lower and upper-division technical courses
- Students must complete one of the following courses: CGS 1060C, CGS 2091C, CGS 2100C, CGS 2510C, or CGS 2545C unless one of those courses was previously completed.

Note Students should consult the BASBOL Program Advisor to ensure they are taking the appropriate courses and to avoid taking excess credits.
