

LIMITATION ON ATTEMPTS IN A COURSE

State Rule 6A-14.0301 permits only three attempts at Valencia to pass the same course. The same course usually means the course number is the same when posted on a Valencia transcript. For example, you have only three attempts to pass MAT 0022C DEVELOPMENTAL MATHEMATICS COMBINED with a grade of C or better. For further information on attempts, see Course Attempts & Course Withdrawal (<http://catalog.valenciacollege.edu/academicpoliciesprocedures/courseattempts/coursewithdrawal/>). Courses that have been deemed equivalent will all count as attempts even if the current course number is not the same as your previous attempt(s).
