

EMERGENCIES

An emergency is defined as the illness or injury of an individual while on campus or any disturbance on campus that, if immediate action were not taken, could result in a serious injury or possible death.

In case of an emergency, the campus Security Office should be contacted immediately. (See phone numbers under Emergency Communications.) Telephones are located in each building and in the parking lots for emergency use. If 911 has been called directly, security still needs to be contacted in order to direct emergency services to the scene.

Valencia assumes no responsibility for payment of expenses related to medical treatment or transportation to a medical facility.

Before registration each term, you will be asked to update your emergency contact information and mailing address in MyVC.
