

LIFEMAP

Valencia College is dedicated to helping students define and meet their life, career and education goals. LifeMap is Valencia's name for the system of services, programs and interventions designed to help students achieve these goals.

LifeMap is based on Valencia's Developmental Advising model, which is a learning-centered approach that fosters an advising alliance among students, faculty and other college professionals. This alliance develops through mutual trust, shared responsibilities, and a commitment to helping students identify, clarify, and realize their life, career, and education goals. Developmental Advising integrates Valencia's core competencies (Think, Value, Communicate and Act) in an ongoing growth process which assists students in making realistic choices based on self-awareness of abilities, interests and values. The results for students are: social and academic integration; life, career and education plans; and acquisition of study and life skills.
