THE GORDON RULE

State Board of Education Rule 6A-10.030, the Gordon Rule, requires that students complete with grades of C or better 12 credits in designated courses in which the student is required to demonstrate college-level writing skills through multiple assignments and six credits of mathematics course work at the level of college algebra or higher. These courses must be completed successfully (grades of C or better) prior to the receipt of an A.A. degree and prior to entry into the upper division of a Florida public university. Students who have not earned an Associate in Arts degree must complete the Gordon Rule requirement prior to being admitted to a Bachelor degree program.

For graduation with the Associate in Arts degree from Valencia, the Gordon Rule requirements can be satisfied by completing either the writing and mathematics requirements listed below.
